

THE CENTRAL RECORD

FIFTEENTH YEAR.

LANCASTER, KY., FRIDAY, DECEMBER 16 1904.

NUMBER 38

Local Notes.

To The Unpaid Tax-Payers of Garrard County.

I am bound to make a final settlement as Sheriff on January 1st, 1905, and all those owing me taxes for 1904, will please call and settle at once and by so doing will save cost and trouble. Yours sincerely, W. L. Lawson, 12 16 of Sheriff Garrard County.

County court day falls on the 25th, a legal holiday. Don't forget this. 3t

Remember that county court day (26) falls on a holiday, and the banks will be closed. 3t

In a fight at a negro church, near Lowell, Sunday, Will Bassett and Jim Mitchell were killed and Chas Embury wounded. All negroes.

The Mite Society, of the Presbyterian church, will give a pie supper on the evening of the 30th. Full particulars in next issue of The Record.

Highly Enjoyed.

The lecture given in Marsonic Hall by Rev. C. M. Chumbley was listened to by a good sized audience, and all were greatly pleased and entertained. Mr. Chumbley, who is one of the best posted ministers in this section, is fine on the platform, possessing in addition to his scholarly attainments a keen sense of humor which make his talks exceedingly entertaining.

Will Move to Mississippi.

Mr. Arch Walker has decided to move to Mississippi, and advertised a sale of all his personal property for Tuesday, the 20th, at which time he will sell some cows, calves and horses, and everything to be found on a first class farm. The sale will begin at 11 o'clock, a. m. The people of Garrard will regret to learn that Mr. Walker has decided to take this step, as his long residence and prominence in Garrard has endeared him to our people.

Firework Christmas.

The City Council will permit the shooting of Roman Candles, popcrackers and sky rockets for a few hours the Saturday night before Christmas. They had as well "premit" it, for the past two or three years it has been done with impunity. The trouble is caused by the use of pistols, and The Record trusts that a few fellows will be landed in jail if it is done this time. Several of the best buildings in town were badly damaged in this way last year. There is great danger of some one being hit by a pistol ball. This would make no difference if it were the right fellow, but some good, enterprising man may be hurt.

Mr. Hugh Sargeant and family, of Preachersville, left last week for their new home in Owensboro. Mr. Sargeant is a good citizen, and will be greatly missed.

Former Lancaster Man.

Thos Douglass, who resided in Lancaster some years ago, died of lockjaw at Danville last week. He was a carpenter and stepped on a nail. He is well-remembered by older citizens of Lancaster.

Banks Closed.

Monday, the 26, being a legal holiday, the banks will be closed. This is also court day, and we call attention of the people to the fact that no business can be transacted, that is, no legal transactions can be had. They will be closed on the following Monday, Jan. 1.

Bible Society.

The Garrard County Bible Society will convene at the Baptist church next Sunday evening at 7 o'clock. This is an organization in which every Christian in Garrard county should take an active interest, and do all in their power to sustain and help. It is doing a world of good by putting the scriptures in the hands of those unable to buy. Attend this meeting, and, if the hat is passed, don't fish to the bottom of your breeches' pocket to find a copper or a nickel to drop in.

Dr. Walker to Leave.

We regret to note that Dr. F. M. Walker, of Paint Lick, will move to Louisville, in a few days, to take a post-graduate course in several branches of his profession. He has been located at Paint Lick for quite a while, and by his affable manners, close attention to business and skill as a physician built up a lucrative practice. His many friends trust that he will return to the good old town of Paint Lick.

Willie Darst Killed.

Willie P. Darst, of Stanford, who ran as flagman on the K. C. passenger trains for some time, was killed by the cars on the Northern Pacific, near Elkhart, B. C., last week. He went out West last summer and accepted a position as brakeman on the above named road. He was well-known in railroad circles and had many friends. He was an intelligent, obliging and polite young gentleman and a great favorite. He was the only son of Mr. and Mrs. J. D. Darst, of Stanford.

TO ADVERTISERS.

Advertisements WILL NOT be changed unless copy is in office early in the week. Please remember.

What about a membership in the W. C. T. U. Library for a Christmas present to your friend? New books ordered all the time. Cost, only \$1. a year. Library opened every Tuesday night for exchange of books. 1t

Roosted in The Cliffs.

The freight train that was recently wrecked near High Bridge was loaded with chickens, turkeys, ducks, geese and lumber. Hundreds of the fowls got out of the bursted coups, and are now roosting in the cliffs. Many people got meat enough to last them several days, and we are told that one man got 210 dozen eggs that many out of thousands escaped being broken. Harrodsburg Herald.

The Wheat Outlook.

The general impression among farmers seems to be that the rains of last week have materially helped the prospects for wheat next year. While there are some people who still fear that the long drouth has ruined the wheat crop, the majority of those who have investigated conditions are of the opinion that the prospects have been greatly improved by the rain, although the amount of moisture which the ground received was very small. Another condition which is regarded as favorable to the wheat is that while before the rain fell but little had sprouted, an examination below the surface shows that the roots are growing heartily and that the grains are still alive.

A Close Call.

Saturday evening, about 7:30, some gentlemen in Beazley's undertaking establishment noticed a big blaze in the dental office of Dr. Faris, across the street, and, running to the building, found a little negro boy battling with flames which had by this time burned the paper off one wall and part of the ceiling. The boy had carried a lamp into a small room adjoining the large front room, and in looking for a bath tub overturned the lamp, which exploded. A can of gasoline and a can of coal oil were sitting near and had not been for timely and hard work these would have exploded and possible the entire block consumed. The little negro showed his pluck by remaining and fighting the fire, his shoes and stockings being ruined by the flames. It was, indeed, a close call, and we venture that it will be a long time before "Doc" Faris makes preparations for another bath.

BANKS TO CLOSE

Monday, the 26th, is County Court day, but being a legal holiday, the Banks will be closed.

A SPECIAL

PICTORAL EDITION

OF THE

Central Record,

Illustrating the History, Present

Progress and Future Development of Garrard County.

JOS. B. BORDERS.

Special Edition Editor.

We have secured the services of Mr. Jos. B. Borders, special edition editor of this class, and an artist in his line, who has the personal supervision of this work. He makes this class of work a specialty and has established a reputation in this line. He has distinguished himself as a special artist for some of the large metropolitan papers as a special correspondent to foreign countries, also a war correspondent in Cuba during the Spanish-American war. Making it possible for the great dailies he represented to give accurate description by illustrations of prominent events, and now this well equipped artist will picture in words, sketches and photographs, agricultural, historical and industrial Garrard. He comes highly recommended in person and press clippings. Any favors shown him will be appreciated. Mr. Borders or others of this office will call upon you in the near future and ask you to take a space in this edition. If we do not see you call at this office. We will spare no time, money or pains to make this edition a work of which every person in the county will be justly proud.

PICTURES FREE—All the photographs of buildings, streets, scenes, residences, farm houses, churches, etc., will be made FREE OF ANY COST by our special artist.

MR. BORDERS—Carries his own photographic instruments and makes all pictures himself and they are the best that can be had.

HERE IS AN OPPORTUNITY—To have the interior or exterior of your store, factory, residence, church or farm PHOTOGRAPHED FREE.

THE CENTRAL RECORD will issue about January 6th, 1905, a handsome illustrated edition, devoted primarily to Lancaster and Garrard county, and will set forth claims to recognition of this town and county in the development of which industry, education and agriculture have been so important factors.

Paint Lick, Bryantsville, Buckeye, Preachersville, McCreary, Marksburg, Buena Vista and other places in the county will be written up in such a manner as to invite investigation, attract capital and immigration from other sections and to show the world at large that as a place to live and succeed in, grand "Old Garrard" county is on a par with any other section of the country.

The prominent features of this Pictorial Edition will be the industrial, educational and agricultural advantages that this county possesses above other counties.

The rich productive soil and non-comparable system of irrigation make this county the most fertile farming section in the world. As a stock raising country, this county's boast of its green pastures, clear, cool streams, cool shade of its forests, has never been disputed, for nowhere in the length and breadth of the land can be found better facilities for raising fine stock than in Garrard county. Some of the finest blooded horses that Old Kentucky has ever produced were raised in this county.

The industrial enterprises of this town and county will occupy a prominent place in this mammoth edition. We want each and every industry to be represented, as none can afford to be left out.

This edition is not to be confounded with the supplements of the past, or as a mere advertising sheet, it is to be a work of art, about 16 pages in size, printed on the finest book paper with a specially designed cover, which will represent the most approved style of artistic designing and engraving, and will be valuable as a souvenir to be read for years by this and succeeding generations.

A daily newspaper for women is to
be started in Chicago. As women have
never supported weekly papers intend-

doubtful if their subscriptions will
flow very freely into the coffers of a

Brer Seph Campbell, of the Somer-
set Journal, says the divorced wife of

marry a man of millions and she seems
to have struck a happy chord. Few of

not farming, though, that they are

An Indiana woman was beaten into

Her baby was thrown in with her.
Both died. A jury found a man guilty
of the crime and returned a verdict
of involuntary manslaughter the pun-

The jury should have found that the

Anti-Liquor Magazines.

The Permanent Committee on Tem-
perance of the Presbyterian church
has addressed a letter to about thirty
of the leading literary magazines of
this country asking them to state their
position on the question of liquor ad-
vertising. To quote from the letter,
"We send you this communication,
hoping to secure such responses as
shall enable us to prepare and present
to our people a list of magazines of
high literary excellence, and which we
can assure them shall be free from
the demoralizing liquor advertisements."
The following have made answer as-
suring the Committee that no adver-
tisement of this character is accepted.
They are commended to the Christian
people: The Century, St. Nichols,
Country Life in America, The Critic,
Success, The Country Gentleman,
Ladies' Home Journal, The Electric,
Our Day, Saturday Evening Post, Ev-
erybody's Magazine, Little's Living
Age, Woman's Home Companion,
McClure's Magazine, The Cosmopol-
itan Magazine, The Chautauquan.
Most of these also exclude patent
medicine advertisements for the rea-
son that most such medicines contain
a high percent of alcohol. The Nation-
al Magazine and The Pacific Monthly
exclude all whiskey advertisements and
give assurance that at the end of exist-
ing contracts all liquor and question-
able patent medicine advertisements
will be excluded. As this is the period
of the year when magazines are order-
ed for the coming season, I submit
the above information and sincerely
trust that the Christian people of
Lancaster and Garrard county will
give preference to the magazines
which have taken this stand.

OBITUARY.

On the 7th of December, 1904, it
pleased the Lord to call unto Himself,
little Mary Gladys, infant daughter of
Mr. and Mrs. H. C. Dunn, aged four
months. "The Lord giveth and the
Lord taketh away, blessed be the
name of the Lord." Jesus said, "Suf-
fer little children to come unto me
and forbid them not, for of such is the
Kingdom of God." Little Gladys
stay on earth was short and sweet,
but we laid her low at Jesus' feet,
knowing He doeth all things well.
May God bless the bereaved father,
mother and sorrowing friends.

Gladys, we had loved you,
How much we never knew
Till we saw that empty cradle,
But Jesus loves you too.

So then remember that our jewel,
Is not lost, but only flown
From its frail and shattered casing,
Bright to gleam in Jesus' crown.

M. A. D.

There is a Reaper whose name is
Death,
And with his sickle keen,
He reaps the bearded grain at a
breath,
And all the flowers that grow be-
tween.

The Reaper came that day and
plucked from the home of Clay and
Rosella Dunn, the dear little flower,
"Gladys" and took her to bloom in
Heaven. How sad and desolate the
hearts of the loving father and moth-
er, no one can know, only those who
have bended above the coffin lid of
their first born. God took the precious
little jewel from you dear ones and
placed it on High, to allure you to
Him. She had been with them such
a short while, and yet long enough to
entwine herself around the hearts of
so many loved ones and while your
hearts are grief stricken and you will
miss her so much, it is comforting to
know that she is "safe in the arms of
Jesus." Her little hands beckon you
to meet her on the golden shore, while
Hope's light sweet promise, "Earth
has no sorrow that God cannot heal."

POST OFFICE NEWS.

In mailing Christmas gifts, have the
package weighed by some responsible
person, place the exact amount of post-
age needed upon the parcel and in
999 cases out of a possible thousand
your package will reach its destina-
tion safely and promptly. In address-
ing the package, write the name of
the person who is to receive it in ink,
spelling both the city and the state,
and do not abbreviate. Place your
name and address in either the upper
or lower left hand corner.

Here's a little seasonable advice
that may save persons considerable
trouble. The practice of writing "Just
a few words" in a package of papers
or merchandise mailed at lower rate
than letters is said to have become so
common that the postmasters have
become instructed to examine such
packages and report to department
officials, if writing is found therein.
The cost of prosecution in the United
States court and a fine of \$25 would be
a small penalty as the sender could
hope to escape with. Don't do it! It's
a dangerous practice.

"WHERE'S MAMMA?"

Mamma is watching her baby from the window of her room and envying the nurse her strength. It often happens that a woman dates a life of invalidism from the birth of her first child. In other cases she has a slow recovery, which shuts her out for a long time from the regular family life.

Mothers who have used Dr. Pierce's Favorite Prescription as a preparative for maternity express their amazement at the strength it gives, keeping the body healthy, the mind cheerful and making the baby's advent practically painless.

"I cannot say too much for Dr. Pierce's Favorite Prescription," writes Mrs. S. E. Rose, of Big Otter, Clay Co., W. Va. "I feel it my duty to say to all women who are suffering from female troubles that it is the best medicine on earth that they can use. I am the mother of five children, and have been as high as eight days in the doctor's hands, and never less than two days at any time until the last. Then I had used two bottles of Dr. Pierce's Favorite Prescription and was only two hours in the hands of the doctor."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are a gentle but effective laxative.

The Great Man of the Country.

We do not mean it as any flattery. But we mean what we say when we assert that the time is coming, and it is pretty nearly here when the farmer is to be rightfully regarded as the great man of the country, says an exchange. The law, teaching, preaching, any of the learned professions are all right and will continue to flourish, because they will be needed, but the profession of farming is a calling that is day by day becoming more and more important. When we speak of farming as a profession we do not mean the slipshod methods that prevail to a large extent among those who claim to be farmers, we mean those men who make it a study and who try to make farming pay just as other professions are studied by those who adopt them as a means of a livelihood. The lazy lawyer, the indolent doctor, the careless merchant, or the inattentive in any profession is sure to make a failure. So it is with the farmer. It is only the one who studies his business who succeeds. We verily believe that the farmer who from this time forward studies his soil and the crops he plants, who looks after the cultivation of his crops as he should, the one who plows and hoes at the right time, the man who is to be the lord of creation. There is not a single thing that can be produced from the soil, from the barnyard, the stable, or the field that does not now find a ready sale and as a general thing bears a good profit.

Salvation is Free.

Mr. Sterling Advocate:—In Colorado lives a young woman who has the courage of her convictions. She is attractive, and therefore has many admirers. One of these chanced to be a young man who was fond of taking all her time Sunday evenings, but who forgot to return the hospitality by an invitation to the theater or other entertainment.

Mildred grew tired of this continued one-sided entertainment, and finally refused his request for permission to call the succeeding Sunday.

Nothing daunted, however, the young man sent the following note on Monday: "I missed my call last night so much that this week I want to get in on time. May I call and take you to church next Sunday evening?"

To which the young woman answered: "Yes. Thank God, salvation is free."

Editor Jas. Allen, of the Cynthiana Democrat, Drives Centes on an Important Subject.

The Cynthiana Democrat, Jim Allen's good paper, after speaking of the conduct of candidate and floater in a recent primary held in Harrison county, adds this sound and timely advice:

Candidates themselves are not to be so severely censured as is the state of public morals—a corrupt and vicious public sentiment that condones, forgets or excuses disreputable practices through anxiety for the success of party favorites.

The Democrat has often questioned the sincerity and honesty of men who seem to hold that politics is but a legitimate license for the buying and selling of votes, for forgery and theft, for unbridled debauchery, and who at the same time believe that actions of a similar nature in business of private life are to be condemned, estopped and punished as the law decrees. Honesty is honesty wherever it is met. A deplorable condition confronts a community when officials are to be chosen to execute the law by electors who have been bought or made drunk, in direct violation of law, by these self-same officials.

Now, we would not censure any man or set of men above others. More than probable it is that the candidates would gladly have escaped the fearful ordeal to which they were subjected. They were mercilessly "bled" where a drop of "blood" remained, and in self-defense on some occasions they were forced to "hide out" to escape their persecutors.

A fearful state of affairs. And yet, we say, the candidates would have avoided it if they could.

What is the remedy?

AN AWAKENED PUBLIC CONSCIENCE.

The people can stop this thing if they will. The overwhelming mass of citizens are law-abiding, and honest—in politics as well as in business. They desire an honest and proper administration of public affairs. They want men in office who are best qualified to conduct the affairs of the county. They want the campaigns and elections conducted with honesty and decency.

How can the people effect this? Discourage early announcements. Pledge to no man a year in advance of the election.

Support nobody who uses whiskey or money, or both, as a campaign argument.

Consider the disgrace brought on to the county. Discuss the matter with your neighbors and friends. Convince them that by concerted action reforms can be accomplished. Denounce and ostracize the "floater."

And the candidates can protect himself and the community by—

Not announcing early.

Using no money or whiskey.

Cultivating and soliciting the votes and influence of men who stand for clean campaigns.

Discharging the "floater."

Standing for honesty at all times.

Is this only a dream of "practical politics?"

Perhaps.

Sometimes dreams "come true."

RECTOR OF ST. LUKE'S.

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1903. I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced.

The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough.

The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle and took about three doses of the medicine.

To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. Respectfully yours,

E. A. Langfield, M. A., Rector of St. Luke's Church, To Chamberlain Medicine Co.

Mrs. Carlton's Wonderful Story.

Maine Woman's Thrilling Experience Duplicate in Lancaster.

There are scores of families in Lancaster and near by towns who will read with interest the wonderful experience of Mrs. A. L. Carlton, one of the best known women in Rockland, Me. Mrs. Carlton says: "I suffered with stomach trouble for eight years, growing worse all the time. Three of the best doctors in Maine diagnosed my case as cancer of the stomach and declared I could not live two months. Utterly discouraged with their treatment, I began using mi-o-na and commenced to gain at once. At this time, I was reduced to almost skin and bones, as I had lost nearly 100 pounds during my sickness, but when I began to take mi-o-na, my flesh was built up and I gained 22½ pounds, the first month. I have taken only six packages of these wonderful tablets, but my health is about restored and I firmly believe that mi-o-na saved my life."

R. E. McRoberts is local agent for mi-o-na, which sells for 50 cents a box, and offer it under personal guarantee that if it does not cure the worst form of stomach trouble and resulting disorders, the money will be refunded.

Baltimore Family's Experience Points a Warning to Residents of Lancaster.

The visitors of Baltimore to-day scarcely realize that less than a year ago the city was almost destroyed by a men-vable fire. A similar comparison might be made by George W. Nally, one of the leading citizens of Baltimore, as to the change in his own looks.

A short time ago, Mr. Nally writing from his home address, 2213 Barclay St., says "I have been troubled for years with catarrh and had resorted to all remedies that could be thought of. My wife was also afflicted with this terrible disease, but all the treatments we used were an absolute failure until we tried Hyomei. It worked like a charm and has made a complete cure in both of our cases."

R. E. McRoberts the local agent for Hyomei, has so much faith in the treatment that he gives his personal guarantee to refund the money in case it does not benefit. A complete outfit costs one dollar, the extra bottles are but fifty cents. Ask to see the strong guarantee under which Hyomei is sold.
